

Idaho Noxious Weed Control Association (INWCA) Scholarship

Criteria & Procedures

University of Idaho Students

Award Guidelines:

1. The INWCA Board of Directors shall determine the amount and number of scholarships awarded each year.

Selection Criteria:

1. The scholarship shall be available to full-time students who will be juniors, seniors, or graduate students at the time the award is paid (usually in the fall term).
2. To qualify for the scholarship, undergraduate students must be residents of the State of Idaho. Graduate students applying for the scholarship are not required to be residents of the State of Idaho.
3. Preference shall be given to students majoring in plant protection, plant science (crop management or crop science), soil science, entomology, agribusiness, range resources, or who intend to pursue a career in an area related to plant protection and/or weed control.
4. Students must maintain a 3.0 or better GPA to receive the scholarship. This applies to the time of the application and at the time the scholarship will be awarded.

Selection Procedure:

1. Students shall apply for the scholarship in accordance with the university's student financial aid procedures in effect at the time.
2. The selection of the scholarship recipient will be made by the U of I CALS Academic Affairs Department. The Idaho Noxious Weed Control Association Executive Director will be provided the name and contact information for the recipient of the scholarship after the selection is made. The INWCA may use the name for publicity related to the scholarship.
3. The recipient shall be chosen in the spring and the award will be distributed upon the student registering for the following academic year.
